1962

ROBERT E. LEE HIGH SCHOOL

STAUNTON, VIRGINIA

VOLUME NO. 3

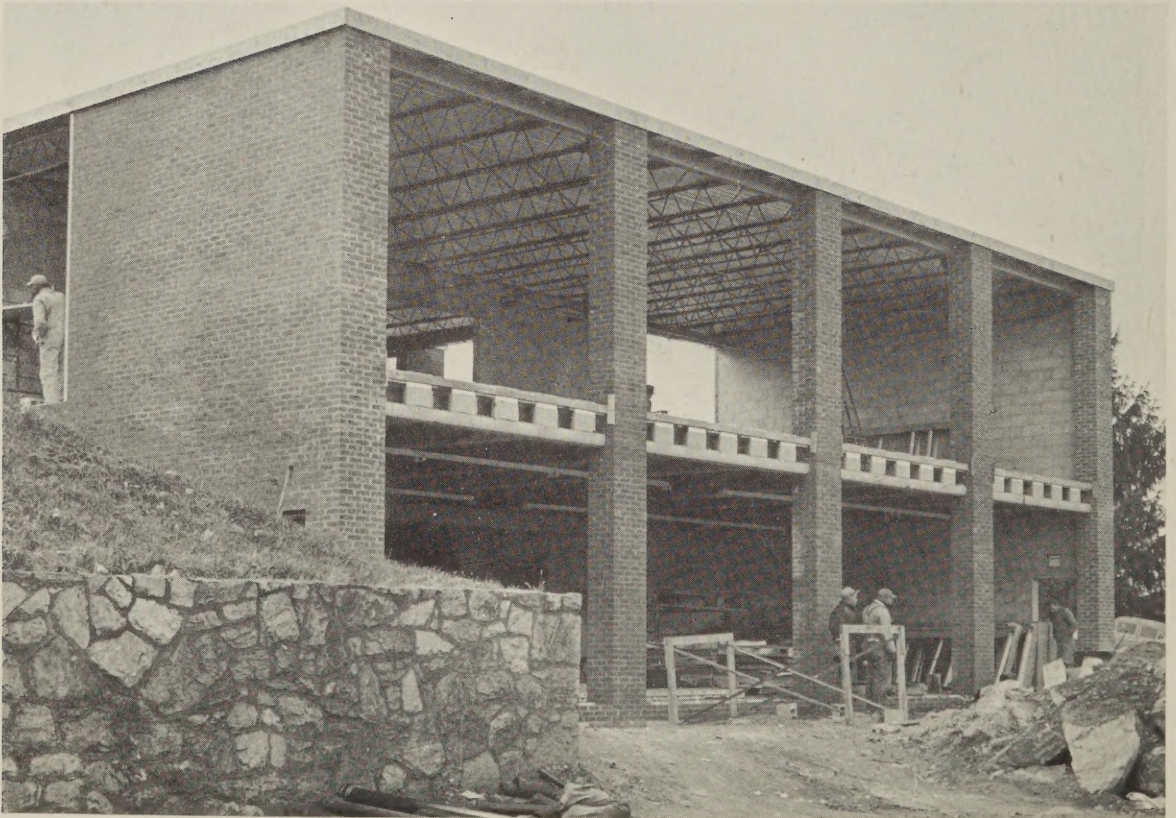

EDITOR: HARRIET BUENTING

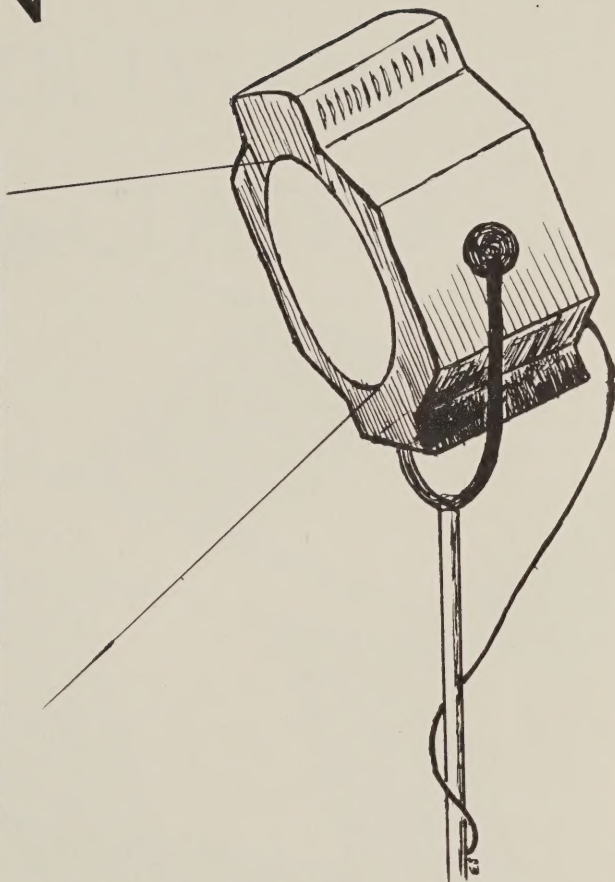

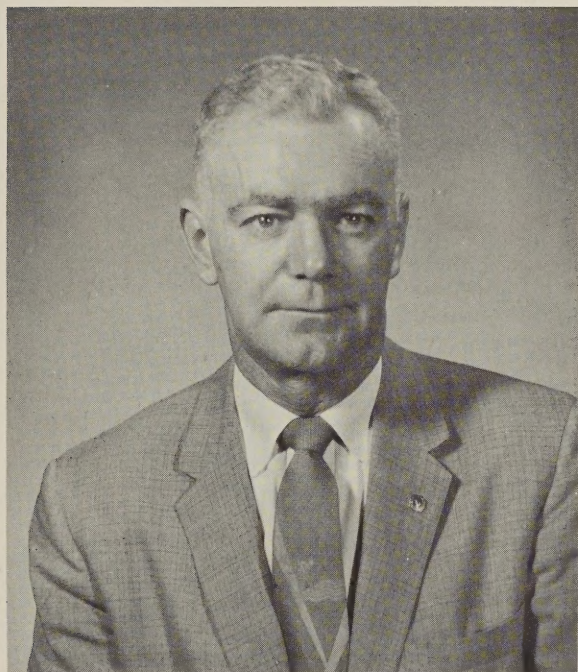

FOREWORD

The Staff of the 1962 LEEWAY hopes we have shown a moving picture of a growing high school. 1962 will certainly be remembered as the "year of the crowd," while we waited for the new administration building shown below and the new

junior high school to be completed. In spite of the crowded conditions we are proud of our high school as it grows and moves upward along the Leeway.

DEDICATION

We, the LEEWAY Staff of 1962, take pride in dedicating our annual to Mr. Charles E. Hern, Assistant Principal of Robert E. Lee High School.

In 1940 Mr. Hern came to Lee High as head coach and gym instructor. After serving in the Armed Forces during World War II, he returned to Lee High and assumed the position of athletic director and gym instructor. He now serves the student body and faculty in the capacity of an assistant principal and director of guidance.

The student body thinks of "Coach" as a friend because of his constant interest and concern for us. A million thanks, "Coach!"

SENIOR CLASS

The class of 1962 can look back with pride on the past five years at Lee High School. One of our main goals was achieved with the creation of school spirit such as Lee High has never known. We created this school spirit by having the best football season since 1950 and the biggest pep rally Lee has ever witnessed. Our class was the first to write and publish a newspaper for the entire student body since 1958.

We feel that our greatest achievement is the unity that has prevailed throughout the class for the past five years.

VARSITY FOOTBALL

Coach Alger Pugh

The group of young men put forth the labor and possessed the will power one must have in order to win. They took us out of the losing column and moved us closer to the top. Their ability and determination to win were the assets we needed for victory.

Coach James Conger
There is an old saying, "When the going gets tough, the tough get going." When practice started, the going was tough, but by the end of the season we had the best team in the district.

VARSITY CLUB

The Varsity Club was established to give the varsity letter more meaning and to bring together the boys that have earned them. Another reason for establishing this club was to help keep the members morally, mentally, and physically straight.

The Varsity Club's duties consist mainly of helping to put on the varsity activities. Each

team member may help another. The members of the football squad helped to keep people off the floor during the basketball games.

Their goal for this year and the following years is to set the club on a high standard so that every high school boy would feel it an honor to be a member.

BASKETBALL

COMMENTS

The reason for a successful season is play as a team and not an individual. If the boys have the same attitude next year that they did this year, we should have a very successful season.

COMMENTS

The team was young and inexperienced. The 1962 season should be a good one for Lee as there will be players at each position with one or more years of experience. With a few young pitchers coming along Lee High could be high in the running next spring.
